

Les Paul Supreme, Fireburst

Gibson is excited to announce the return of the Les Paul Supreme. With a refreshed feature set, it is bound to overshadow everything else in sight and be one of the most exciting new releases of the year. It features a beautiful AAA-figured maple top on a mahogany body with Ultra-Modern Weight Relief. The mahogany neck has an ebony fretboard with a compound radius and Super Split Block mother-of-pearl inlays. The neck has a Modern Contoured Heel for exceptional upper fret access, and the headstock is adorned with a striking new mother-of-pearl inlay inspired by a design from the 1940s that was discovered in the Gibson archives. The Burstbucker Pro and Burstbucker Pro + pickups are paired with push/pull Volume and Tone potentiometers for flexible coil tap, phase, and Pure Bypass switching. The three gorgeous finishes are elegantly highlighted with gold hardware, making this not only a great-sounding and highly flexible instrument but also an exceptionally beautiful-looking modern rock machine. A hardshell case is also included.

Specs

Body

Shape	Les Paul
Material	Mahogany
Top	AAA Figured Maple
Binding	Multi-ply Top and Headstock, Single-ply Fretboard

Neck

Neck	Mahogany
Profile	Slim Taper
